

# Title I Home/School Contract

Schools that receive Title I funds for reading support are expected to develop a Home/School Contract each year. This contract should outline how parents, the school, and students will share the responsibility for improving student achievement in reading. The Home/School Contract should also identify the means by which the school and parents will help children achieve state reading standards. I've listed some of the responsibilities that I, as your child's reading support teacher, strive to meet each day. Please read the suggestions under the Parent and Student agreement and consider checking the ones on which both you and your child are willing to put forth a strong effort. Please send your signed contract to me and I will make a copy for myself and then return it to you. Our signatures on the contract will reaffirm our commitment at school and home to do our best to help your child achieve reading success.

I would like to invite you to become a member of the Title I Parent Advisory Council (PAC). This group will meet with me a few times throughout the year to discuss the effectiveness of the Title I program and plan how we can best use our combined resources to support all of our students. If you would like to be a part of the PAC, Please indicate below:

\_\_\_\_\_ I am interested in being a member of the PAC.
