

Title 1 Parent Workshop

Dear Parents/Guardians:

You are invited to attend a Title 1 parent workshop on **September 25, 2015** starting at **8:15am** in the library at Pleasant Valley Elementary School.

As we begin each year and review assessments, we see a need for remediation on many levels. We make a plan and work very hard to accomplish our end goal of each child at PV reaching benchmark expectations. One very important component in reaching this goal is parent or home support. I hope that you can take advantage of this workshop where we will provide you with strategies, materials, and websites to assist you and your child as we work together to accomplish our goal. Students/children are welcome during the meeting to watch a video on the library story steps. I look forward to seeing you soon!

Sincerely,

Mrs. Kristen Spolter
