

PETERS TOWNSHIP HIGH SCHOOL

COURSE SYLLABUS: GERMAN III

Course Overview and Essential Skills

The third level language course is a full year course which continues the study of all aspects of language listening, speaking, reading, and writing. There is increased emphasis on oral expression and on accuracy in spoken and written language. The student will use the language skills he/she acquires to increase cultural understanding through the use of authentic texts in the target language. There is an emphasis on application of previously learned and newly acquired concepts and skills. This level tends to require that students take more of a responsibility and ownership of reviewing material that was learned in previous levels.
