Section: Narratives - Needs Assessment

Introduction

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$ 249,848,000 or five percent (5%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to school districts, charter schools and cyber charter schools (collectively, LEAs) = to implement evidence-based interventions that address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that LEAs, at a minimum, use the funds they are awarded under this subgrant in the following ways: .

Percentage of LEA Allocation - Required Activities

30% - To address the social, emotional and mental health needs of students

10% - To provide professional development and technical assistance to educators, school support staff, school leaders and school health professionals to address the social, emotional and mental health needs of students.

8% - To address reading remediation and improvement for students

The remaining allocation may be used by the LEA to address and/or supplement other areas of learning loss caused by the pandemic.

Act 24 also requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three-part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer activities, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs.

Through this grant application, LEAs will meet their requirement of developing a three-part plan, including describing their planned programming, a narrative outlining the expected benefit of each program and activity, as well as an overview of how the LEA determined the areas of need to be addressed, including the use of stakeholder feedback.

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their

students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting student needs since March 2020.

Indicators of Impact

1. Understanding the Impact of the COVID-19 Pandemic: Describe how the LEA has identified or will identify the extent of the impact of the COVID-19 pandemic on student learning and well-being. Specifically, what methods (i.e., collecting and analyzing data and information from focus groups, surveys, and local assessment results) were used or will be used to identify and measure impacts in four key areas: (1) Social and Emotional Learning, (2) Professional Development needs to support Social and Emotional Learning, (3) Reading Remediation and Improvement for Students, and (4) Other areas of Learning Loss?

| | Method used to Understand Each Type of Impact |
|---|--|
| Social and Emotional Learning | Teachers and staff will receive additional training to identify, understand and respond to mental health and substance use challenges. In addition to continued use of KidTalk, CORE Team and Student Assistance Program, this training will assist in identifying students in need of additional support. |
| Professional Development for Social and Emotional Learning | Counselors will be trained to help children, teens and young adults dealing with anxiety, stress and depression by teaching them how to develop the skills needed to stop negative thoughts and start thinking and behaving in more positive ways. |
| Reading Remediation and Improvement for Students | To support reading development, select teachers will be trained and certified in the Orton Gillingham approach to reading. |
| Other Learning Loss | To support reading development, select teachers will be trained and certified in the Orton Gillingham approach to reading. |

Documenting Disproportionate Impacts

2. Identify the student groups in the LEA that faced particularly significant impacts from the pandemic in the areas of Social and Emotional Learning, Reading Remediation and Improvement, or any other areas of learning loss that the LEA will address with this funding source. For each, provide specific strategies that were used or will be used to identify and measure impacts.

| Student Group | Area of Impact | Provide specific strategies that were used or will be used to identify and measure impacts |
|----------------------------|-------------------------------------|---|
| Children with Disabilities | Reading Remediation and Improvement | Orton Gillingham is a research-based approach to understanding the science of reading. |

| Student Group | Area of Impact | Provide specific strategies that were used or will be used to identify and measure impacts |
|-------------------------------|-------------------------------|--|
| Major Racial or Ethnic Groups | Social and Emotional Learning | Teachers and counselors will receive additional trainings to support students in need of mental health supports. |

Section: Narratives - Learning Loss Program Questions

Learning Loss Program Questions: In this section, LEAs are asked to describe the activities they have designed to support accelerated learning to combat learning loss caused by the COVID-19 pandemic for their students. Please use the following link to ensure that your calculated values below are equal to the values published on PDE's website. The file contains your LEA's MINIMUM required reserves for Learning Loss to address SEL, SEL PD, and Reading Improvement. [Click to download reserve amounts.](#)

*LEA's can choose to spend MORE than the minimum required reserves for Learning Loss. Those values will be entered in the budget sections.

Section 3a – Social and Emotional Learning: As schools across the Commonwealth return to school, LEAs face increased challenges in addressing the mental health needs of their students and staff. LEAs are required to utilize **A MINIMUM of THIRTY PERCENT (30%)** of funding available through this grant application to support the Social and Emotional Learning of their students. In this section, LEAs are asked to describe the activities they have designed to address these needs. Please reference the SEL framework to assist in developing this plan.

3. Calculate 30% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Social and Emotional Learning. (Calculation will populate when you click the Save button)

- This value will be needed in the corresponding budget section.

| | Total LEA Allocation | Multiply by 30% (.30) | Minimum Allocation for SEL |
|------------------------------------|----------------------|-----------------------|----------------------------|
| Minimum 30% SEL Requirement | 41,771 | 30% | 12,531 |

4. Describe the data sources the LEA is using to identify social and emotional needs of students and identify areas of strength and concerns in the learning environment.

To identify the need for additional SEL supports, the District reviewed attendance data including referrals for truancy as well as visits to counselors' or social workers' offices. The data showed an decrease in students meeting attendance requirements during the 2020-21 school year as well as an increase in students referred for mental health services. The data showed the need for additional training for all staff.

5. Program/Activities – Please describe the planned program activities and identify the type of activity and the number of students to be served by that activity.

| Program Activity | Student Group | Type (Universal, Targeted, Intensive) | Number of Students Served |
|----------------------------------|--------------------------------|---------------------------------------|---------------------------|
| Mental Health First Aid Training | Major Racial and Ethnic Groups | Universal | 4,097 |

6. How will the LEA assess the success of the SEL program? Please identify the tool, frequency of use, and expected results.

| Tool Used to Evaluate Success | Frequency of Use | Expected Results |
|--------------------------------|------------------|--|
| Attendance & Office Visit Data | Quarterly | Decrease in students being referred for truancy and mental health services |

Section 3b – Social and Emotional Learning Professional Development: LEAs face increased challenges in addressing the mental health needs of their students and staff. LEAs are required to utilize **A MINIMUM OF TEN PERCENT (10%)** of funding available through this grant application to support professional development activities and technical assistance for educators, school support staff, school leaders and school health professionals to address the social, emotional and mental health needs of students. In this section, LEAs are asked to describe the activities they have designed to address these needs.

7. Calculate 10% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Social and Emotional Learning Professional Development. (Calculation will populate when you click the Save button)

- This value will be needed in the corresponding budget section.

| | Total LEA Allocation | Multiply by 10% (.10) | Minimum Allocation for SEL PD |
|---------------------------------------|----------------------|-----------------------|-------------------------------|
| Minimum 10% SEL PD Requirement | 41,771 | 10% | 4,177 |

8. Describe the planned professional development activities and how the activity will ensure that teachers/staff are equipped with training/support on the following:

- Social emotional learning and support for students that have suffered trauma during the COVID-19 pandemic;
- Identifying signs of possible mental health issues and providing culturally relevant support;
- Motivating students that have been disengaged;

- d. Mentoring students who have attendance issues before it becomes a pattern;
- e. Self-care and mindfulness strategies for teachers;
- f. Engaging and communicating effectively with parents;
- g. Working with community agencies to address non-academic needs.

| Professional Development Activity | Number of Staff Involved | Type of Staff Involved (Teacher, Counselor, Support Staff, Admin, Other) | Provider – Who will present the professional development | Is the provider an internal staff member or an outside contractor? | Brief Description of the Planned Activity |
|--|--------------------------|--|--|--|---|

|---|------------------|--|
| Counselor and Social Work reports/assessments of mental health demand | Quarterly | Students in need of additional mental health supports will decrease. |

Section 3c - Reading Improvement for Students:

LEA allocations in Reading improvement should be used to increase the best practice in the implementation of research-based reading instruction and acceleration. As schools are planning the most effective use for this 8% set aside for reading instruction and acceleration, they should contemplate the use of structured literacy (also known as Science of Literacy) to develop reading instruction and remediation. Please reference the Structured Literacy framework to assist in developing this plan **LINK NEEDED**

LEAs are required to utilize **A MINIMUM of EIGHT PERCENT (8%)** of their ARP-ESSER allocation for research-based reading instruction. In this section, describe the course of action to remediate and improve reading gaps through research-based practices.

10. Calculate 8% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Reading Improvement for Students. (Calculation will populate when you click the Save button)

- This value will be needed in the corresponding budget section.

| | Total LEA Allocation | Multiply by 8% (.08) | Minimum Allocation for Reading Improvement |
|---|----------------------|----------------------|--|
| Minimum 8% Reading Improvement Requirement | 41,771 | 8% | 3,342 |

11. What local assessments were used to determine the need to address learning loss in the area of reading? For which specific groups of students was this need evidenced? What were the findings?

Acadience and benchmark assessments were used to identify the need to review dyslexia screener information from recently identified special education students. The number of students qualifying for interventions increased in the first quarter of the 2021-22 school year.

12. Does your data indicate that at-risk readers are making at least a year's worth of growth or more in one school year? *Please consider both state PVAAS data and local assessment data

No

Please explain:

The 2019 PVAAS data showed that all students made a year's worth of growth at every grade level except grades 4 and 7.

13. Has the LEA used structured literacy and/or provided training for K-4, ESL, and Special Education teachers in structured literacy?

Yes

If so, please identify the training, grade level, and number of teachers involved.

*This value can be **UP TO 52%** of the total allocation, if minimum values were used for other reserves.

16. Calculate 52% of the remaining LEA Allocation **AS A MAXIMUM** amount to fund Other Learning Loss Activities. (Calculation will populate when you click the Save button)

| | Total LEA Allocation | Multiply by 52% (.52) | Maximum Allocation for Other Learning Loss Activities |

Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the [Return on Investment of Afterschool Programs in Pennsylvania](#) study determined that for every dollar invested in after-school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link to PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three-part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting students' needs since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in after-school programming. Include a brief description of the indicators used in the decision-making process.

At the high school level, at-risk students who were credit deficient were identified for a credit

recovery program. There is a cost per course fee for every course. Students who qualify for free and reduced lunch are unable to pay these fees and are still at-risk to graduate on time. The cost of courses for students in need of credits will be off set and/or waived for students. Students will take on-line courses to attain credit and become on-track to graduate on time with their cohort. In addition, students across all grades are in need of remediation for all content areas. To support these students, after-school tutoring sessions will be made available to assist students in attaining the knowledge and skills that were missed during the pandemic.

Section: Narratives - After-school Program

After-school Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide after- school programming for their students.

- Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

| Student Group | Area of Focus | Number of Students Served | Provide specific strategies that were used or will be used to identify and measure impacts |
|-----------------------------------|-------------------|---------------------------|---|
| Children from Low-Income Families | Some Other Factor | 10 | Students, who are at-risk of not graduating, will be enrolled in monitored credit recovery courses to ensure credit attainment. |
| Major Racial and Ethnic Groups | Academic Growth | 100 | Students needing additional remediation and tutoring will participate in after-school tutoring classes. |

- Describe the evidence-based resources that will be used to support student growth during the after- school program.

Students, who are at-risk of not graduating high school, will be supervised by teachers to complete credit recovery courses. In addition, students needing remediation will be provided with additional after-school tutoring to support their attainment of missing knowledge or skills.

- Describe the staff that will provide the after- school program (i.e., Internal staff or outside resources).

| Number of Staff Members | Internal/Outside Provider | Role |
|-------------------------|---------------------------|---|
| 2 | Internal | Supervise students enrolled in Keystone Credit Recovery Courses |

| Number of Staff Members | Internal/Outside Provider | Role |
|-------------------------|---------------------------|--------------------|
| 6 | Internal | After-school tutor |

a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

b. The LEA assures it understands it is responsible to ensure that all after-school program staff hold the appropriate certifications for the program that is being delivered.

5. How will the LEA assess the success of the after-school program? Please identify the tool, frequency of use, and expected results.

| Tool Used to Evaluate Success | Frequency of Use | Expected Results |
|-------------------------------|------------------|-------------------------------------|
| Assignment completion | Weekly | Students will pass Keystone Courses |
| Class Grades | Quarter | Students' grades will improve |

6. How will the LEA engage families in the after-school program?

Regular communication will occur with parents of the students enrolled in the Keystone Credit Recovery Courses. This communication will track students' completion of the course to ensure attainment of graduation credits. Tutors will regularly communicate progress and attendance.

Section 1 - Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in a summer school program. Include a brief description of the indicators used in the decision-making process.

Based on preliminary data for mathematics, students are in need of additional remediation and support in mathematics. To support this remediation, a summer program focused on gaps in skills and knowledge in mathematics will be held to assist students. In addition to a math

program, a remedial reading program will occur for students in the elementary level to focus students struggling in reading.

Section: Narratives - Summer School Program Questions

Summer School Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide summer school programming for their students.

2. Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

| Student Group | Area of Focus | Number of Students Served | Provide specific strategies that were used or will be used to identify and measure impacts |
|--------------------------------|-----------------|---------------------------|--|
| Major Racial and Ethnic Groups | Academic Growth | 50 | Students in need of remediation in mathematics will participate in a summer program. |
| Children with Disabilities | Academic Growth | 25 | Students in need of remediation in reading will participate in a summer program. |

3. Describe the evidence-based resources that will be used to support student growth during the summer school program.

Teachers will utilize standards-based curriculum to provide remediation to students in need of additional math support to assist in closing gaps that occurred during the pandemic. Reading specialists will utilize research-based intervention programs to support struggling readers.

4. Describe the staff that will provide the summer school program (i.e., internal staff or outside resources).

| Number of Staff Members | Internal/Outside Provider | Role |
|-------------------------|---------------------------|--------------------|
| 2 | Internal Provider | Math Teachers |
| 1 | Internal Provider | Reading Specialist |

| Number of Staff Members | Internal/Outside Provider | Role |
|-------------------------|---------------------------|------------------|
| 1 | Internal Provider | Paraprofessiona. |

a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

b. The LEA assures it understands it is responsible to ensure that all summer school program staff hold the appropriate certifications for the program that is being delivered.

5. How will the LEA assess the success of the summer school program? Please identify the tool, frequency of use, and expected results.

| Tool Used to Evaluate Success | Frequency of Use | Expected Results |
|-------------------------------|------------------|---|
| Curriculum Based Assessments | As Needed | Students will attain standards. |
| Acadience | Weekly | Students will show improvement in Acadience Data. |

6. How will the LEA engage families in the summer school program?

Teachers will communicate students' progress in attainment of standards that were in need of remediation to parents and families. Reading Specialist will provide ongoing progress monitoring data to parents and families.
