

CLASSROOM EXAMPLE

Quarantining: Masks vs. No Masks within 3-6 Ft.

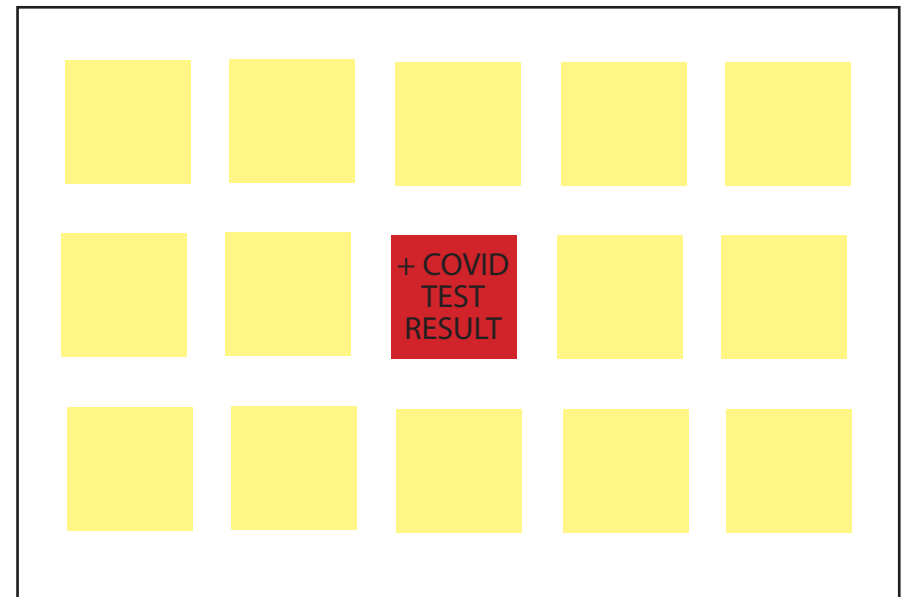

Masks Optional (Unmasked COVID+ Case)

Close contacts are those who are within 6 ft of an infected individual for more than 15 consecutive minutes. The resulting quarantine for close contacts could range between 7-10 days*.

*The requirement to quarantine may be different based upon vaccination status, a recent COVID infection (past 90 days) and whether both students were masked.

ALL STUDENTS in Masks

*Regardless of vaccination status
