First they traveled to the store to get some apples. When they got home, Andy found a large blue pie dish. Mom asked Brad to rub a little butter on the inside of it. I was glad about that. I did not want my crust to stick to the dish.

Mom cut up the apples. There were a lot of apples. It took a long time. Andy and Brad put them into the dish. Andy poured a little melted butter over the apples.

Mom showed Brad how to do my top crust. She cut it into a round shape. It was a little bigger than my dish. Brad pushed the crust over the side of the dish.

Gold can last a long time. It never rusts or rots. Beautiful gold objects are sometimes found in the ground or in the sea thousands of years after they were buried. When the objects are discovered, they are still perfect! Gold is easy to work with. It is a soft metal, so it can easily be made into different shapes. It can be bent or rolled or twisted without breaking.

<p>5 Who is Earvin Johnson? Not 11 many people know. But who is 17 Magic Johnson? A lot of people 24 know him. Magic Johnson is a star 30 basketball player for the Los Angeles 31 Lakers. 37 Earvin got the name Magic in 44 high school. It has been with him 50 ever since. "When we're rolling and 58 the break is going, I guess it looks 65 like I am doing magic out there," 71 Magic says. "There are some nights 77 I think I can do anything." 82 Magic likes the game of basketball a lot. When he plays, he</p>	<p>89 97 104 109 116 125 132 139 144 150 158 164 172 180 186</p>	<p>says, "I want to have fun, jump up and down, and yell." The other Los Angeles Lakers think that Magic makes them play better. "I just want to enjoy life and have a little fun," he says. "Maybe the other guys want to have some fun just because I am." Magic likes to play basketball with young people. He tells them that hard work can take them to the top. "I like underdogs," Magic says. "Even when I go to the playground, I don't pick the best players. I pick the players who want to work hard."</p>
